West Coast Moments: Out of the Woods II

Carol Seeley, Campbell River, British Columbia, 2017

Fabric confetti, coloured pencil. Photo transferred, needle felted, 3D construction, thread painted, machine quilted and machine appliquéd. 12" x 41".

British Columbia is a place where the trees seem to reach the sky. Allow this lush vegetation to surround and enfold you into its magical power. I cannot help but feel a sense of connection to the earth as I walk through the forests of these giant trees.
